ENVIRONMENT HEALTH AND SAFETY POLICY

At Crowntech We are committed to providing safe and healthy environment for our employees and to all stake holders in a responsible manner.

We will strive to improve our safety and environmental performance continuously by adhering to the following policy objectives:

- Review and determine all the applicable legal, regulatory and statutory requirements and take actions to comply and follow the requirements.
- Keep updated on the changes and implement those changes from time to time.
- Ensuring that personnel are properly trained to comply with all environment/safe work practises and know the impact of non conformance actions
- All employees are provided with appropriate safety and emergency equipments and ensure to use them correctly.
- Considering safety and environmental factors in all operating decisions.
- Using energy efficiently throughout our operations.
- Engaging in sound reuse and recycling practices.
- Developing and improving programs and procedures to continually improve Environment, Health and Safety.
